### POWERFUL BATTLESHIPS PLANNED FOR UNCLE SAN

[From a Staff Correspondent.] WASHINGTON, July 16 .- Battle ty. Business is dull and many ships that will be to foreign squadrons workmen are unemployed. Some what the Oregon was to the Spanish people don't notice a little thing ficet are projected by the Board on like this, but there are others Construction, the majority of which with big families to support to submitted its report to Secretary Long whom this is a hardship. For the today. While a minority report is to be submitted, the difference in the Hanan & Son's New England Bakery composition of the main battery of Board arises only with respect to the

It is settled that each ship will have pound loaves for one dollar cash. feet and a mean draught of 24 feet 6 a length of 450 feet, a beam of 76 inches. These dimensions will give a normal displacement of 15,560 tons and a deep lead displacement of 16,909 tons. The vessels will thus be the Big packages Ham Sandwiches They will also be the fastest of their largest ships of the American navy. type flying the Stars and Stripes. The equired speed of each will be nineteen knots, secured by a horse power of at least 20,000. That the ships may be able to steam a long distance without recoaling, each will be designed to carry about 2,000 tons of

Batteries of the ships are to be heavier in offensive fire than those of any vessel of their class. The battery recommended by the majority consists of four 12-inch guns in two turrets, fore and aft: twenty 7-inch guns in casemates and twenty 3-inch

The minority of the Board has recmmended a battery for each ship of four 12-inch guns in turrets fore and aft, twelve 8-inch guns installed in pairs in two turrets superposed on the 12-inch turrets and in four single turrets and placed in broadside, forming in the designs the corners of a great quadrilateral.

> E. S. L. Mr. Amweg's Statement.

Honolulu, T. H., Aug. 9, 1901. To the Editor of The Republican:

Sir:-In the interest of justice, I would be obliged if you will publish the following: In the issue of the Advertiser of

August 1st, I note that C. G. Ballentyne, Manager of the Honolulu Rapid Transit and Land Company, is reported as having said that my services as Chief Engineer of that Company, had been "dispensed with."

I desire to contradict this statement, by saying that the assertion with which Mr. Ballentyne is credited as having made is absolutely false in every particular.

My services were not "dispensed with." but I voluntarily resigned my position. My reason for so doing being, that the management of the affairs of the road were so much at variance with my views of good pracice, that I preferred not to be connected any longer with the enterprise. I herewith append a letter from the Vice-President of the Company, which verifies my statement relative to my

signation. Yours very respectfully, F. J. AMWEG.

Honolulu, Aug. 8, 1901. Mr. F. J. Amweg, Honolulu, H. I. Dear Sir:-I beg to acknowledge

your favor of the 3rd inst., asking for a statement as to the manner in which your relations with this Company were relations were terminated by the acceptance of your resignation presented to the Board of Directors, such resignation being wholly voluntary on your part and for reasons set forth in yours of May 4th, 1901.

Yours very truly. CHAS. H. ATHERTON; Vice-President Honolulu Rapid Tran sit and Land Co.

LAND LOTTERY ENDED.

Last of Thirteen Thousand Home steads Drawn at El Reno.

EL RENO, O. T., Aug. 2 .- After the last of the 13,000 names were drawn from the wheels last night, the great boxes containing the 154,000 names of ders delivered are respectfully request-ed to call and leave the same prior to school house. There the work of drawing was continued, but no record other than numbering the envelopes and notifying the owner of name therein is being made. It is thought no les than 20,000 names a day will be drawn from now on. The last numbers giving a hometsead to the owner were drawn in the El Reno district by C. H. Halbrook, of Portland, Mich., and by Harvey F. McLaughlin, of Arkansas City, Kas., in the Lawton district. The closing scene was tame and unmarked by any demonstration. The streets today are lined with prairie schooners, laden with household goods, and all are headed south. The commissioners who will have charge of selling town sites will leave today or omorrow for their districts. The

### Merit in Kodak Work

When customers send films from Camornia to us for developing and printing there must be more that ordinary merit in the class of work we turn out. They claim that they cannot get the same excellent results in San Francisco, and are willing to send 2000 miles and be sure of having good Kodak pictures. That's why we get the business

We turn out uniformly good work. Every roll of film receives the best treatment that skill and experience can give it. Our Photographic Department is full of work, but we are able to turn out work when promised, and no order is slighted. Our popular prices will save

many a dollar for the amateurthat's another reason for you to bring us your work. Remember we are headquarters for Kodaks, fresh films, plates, printing papers-every-

thing in the photographic line. Let us have your next roll and we will demonstrate our claims for excellent and careful photo
